LINKS COLLECTION

LINKS COLLECTION

The Links Collection, designed by Richard Riveire, is a highly flexible and refined modular furniture system of seating and occasional tables. With these tools designers can create an unlimited range of configurations that result in customized solutions to complement most any aesthetic.

The minimal profiles and elegant proportions of each component allow them to work independently. Their impact is greatest as an ensemble. When so configured, the vast array of materials, trim details and options, flow seamlessly with one another. The Links Collection represents the ultimate opportunity to create a highly tailored lounge setting.
