SERIF COLLECTION

SERIF COLLECTION

The Serif Collection was designed by Lee Pasteris. The collection offers a broad spectrum of product options. Aesthetically, the collection has been reduced to what is most beautiful, the elegance in metal and upholstery craftsmanship. This collection whispers of poetic minimalism.

The Serif Collection consists of lounge chairs, sofas, benches and tables. The frames are available in polished or satin stainless steel as well as hand rubbed finishes in black or charcoal on steel. Coordinating occasional tables are offered with two different bases and a range of beautiful materials for the tops including glass, wood and stone options.
