DESIGNED BY BRIAN GRAHAM

Compact scale meets a rich material mix with Hermosa lounge seating. Personal seating and side tables ride on a common metal frame, minimizing contact points with the floor and simplifying serviceability. Outer panels capped with solid wood or solid surface are available in two heights, creating new opportunities for textile expression. Integrated tables of ash, walnut, or solid surface provide infinite ways to define zones within seating and are designed for integrated power. Sculptural metal legs come in a newly refreshed range of matte powder coat colors. With a layered aesthetic and an application-driven design, Hermosa is an ideal solution for lounge seating in a wide range of environments.
