# CUMBIA

Design by Chris Adamick

## **CUMBIA OCCASIONAL TABLES AND STOOLS, NOW AVAILABLE FROM MARTIN BRATTRUD**

Like the fluent dance rhythms of the same name, Cumbia tables and stools are designed to inspire a dynamic use of space. There's no single way to apply these versatile pieces: as a single side table, grouped as a multi-level coffee table, or as an extra seat. Move Cumbia tables around, pair with a tuxedo sofa or pull up next to a desk. Cumbia frees you to arrange and rearrange a space as you choreograph activity throughout the day.

### **PRODUCT HIGHLIGHTS**

- Solid Ash or Walnut construction
- Stools available with wood or wire base in bar or counter heights
- Offered in a wide range of standard water-based stain finishes

### **DESIGN BY CHRIS ADAMICK**

Chris Adamick designs environments, furniture, and products. He is principal of Chris Adamick Design LLC and is a partner at Big Production, an environmental graphic design studio. He has worked with leading brands including Gap, Haworth, Bernhardt Design, and Allsteel. His work has been exhibited internationally and received several prestigious design awards including the Architizer A+ Award, the Good Design Award from the Chicago Athenaeum, the Best of Year Award from Interior Design Magazine, and recognition from the Type Directors Club of New York (TDC) and the Society for Environmental Graphic Design (SEGD). In addition to holding design leadership roles with independent consultancies Pentagram and Rios Clementi Hale Studios, Chris has been an instructor at Art Center College of Design and has worked in-house with the iconic American clothing brand, Gap to lead the creation of new store environments.

## **ABOUT MARTIN BRATTRUD:**

Located in the South Bay of Los Angeles, California, Martin Brattrud is a leading manufacturer of hand crafted seating and tables for the contract market. With extensive custom capabilities, the company is renowned for banquettes and benchmade upholstery. Martin Brattrud is led by design, forging partnerships with the industry's top designers. At the same time, the health of the team and the environment drives the Martin Brattrud manufacturing ethos. Thoughtful design, low environmental impact manufacturing, and product longevity combine in each piece Martin Brattrud creates.
